3. A player that registers for the fall season that also registered for the recent spring season needs to complete all items on this checklist since it’s a new “soccer year”.

## **Things to Know**

Every player and parent needs to know the following information.

1. Know how to find your age group’s webpage. It’s located on the travel program section of our website near the bottom right of the webpage.
  - a. The calendar of practices, games, and other events are located there
  - b. The age group plan document outlines the expectations and includes payment deadlines
  - c. Contact information for your coach is located there
2. Know your team managers. Team managers are a vital resource in providing information. However, team managers are not a sounding board for complaints.
3. Please follow the chain of command in resolving issues. 99% of communication needs to be done thru your coach or team manager. Please read thru section 2.1 of the parent handbook carefully.
