### **Things to Know**

1. The "soccer year" is the period between August 1 of the current year to July 31 of the following year.

2. All items on the checklist are performed once during the “soccer year” for new players and returning players.
3. Please browse through the menu within the travel program section of our website to know the location of all travel program or futures program information.
4. We reserve the right to update the procedures outlined in this document anytime within the current soccer year.
5. There is no guarantee that the current uniform will be used in the next “soccer year”. Everyone should expect to change into new uniforms every “soccer year”.
6. Uniforms have a lifespan set by the manufacturer. The manufacturer sometimes reduces the lifespan without warning or notice.
