5. **UNIFORM SETUP**: Our club admin must approve your child's jersey number before purchasing uniforms. Please follow these steps unless stated otherwise.

- Email 3 jersey number requests to our club administrator. Please wait until our club administrator confirms your child's jersey number.
- Purchase the required uniforms items at the online club store with your club approved jersey number.
- If you purchase uniform items with an unapproved jersey number, you will need to re-order the jersey(s).
- Please do not wait until the last minute. The turnaround time is anywhere from a few weeks to a few months.

Things to Know

1. The "soccer year" is the period between July 1 of the current year to June 30 of the following year.

2. All items on the checklist are performed once during the "soccer year" for new players and returning players.

3. Please browse through the website to know the location of all select program or futures program information.

4. We reserve the right to update the procedures outlined in this document anytime within the current soccer year.

5. Uniforms have a lifespan set by the manufacturer. The manufacturer sometimes reduces the lifespan without warning or notice. There is no guarantee that the current uniform will be used in the next “soccer year”. Everyone should expect to change into new uniforms every “soccer year”.
